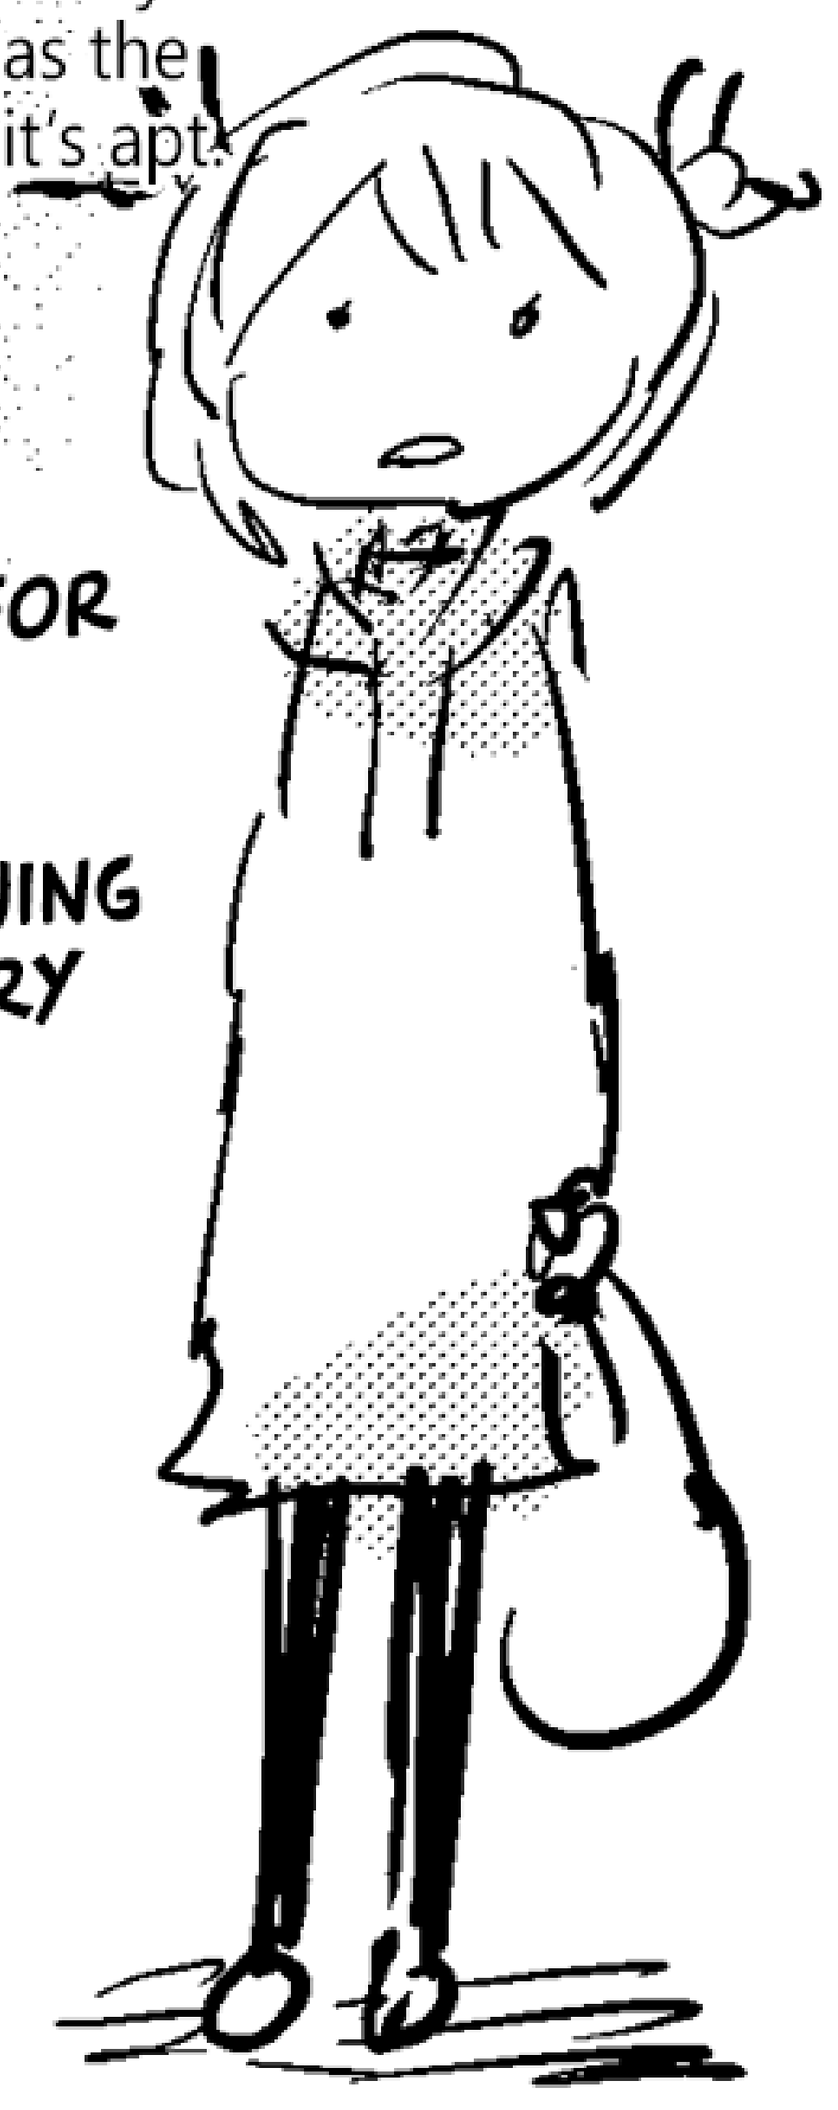
TRANSLATION NOTES

For the sake of consistency, this was kept as "the joy of life," but I'd personally translate it as "the joy of living" (生きる歓び). There's not much of a difference, but I thought I'd mention it.
(page 13)

The SFX for sparkle here is *"kira"*, much like Kirari's name. She's sparkly like a star! (The kanji for her name also means *star*, hence the little editor's note at the start of the chapter.) The use of this SFX seems intentional, so, for this reason, I kept it as *"kira"*.
(page 37)

"I'm going now" (逝くぞ) here is literally "I'm passing away now". It's a play on words since it sounds the same as the verb "to go". Yugame is going to the next world so it's apt. I couldn't find a way give it justice, so onto the TL notes page it goes.
(page 40)



HELLO AGAIN! HAPPY NEW YEAR!!
SORRY FOR THE DELAY. THE TRANSLATION FOR THE NEXT CHAPTER IS ALREADY DONE. BUT THE REDRAWING TAKES TIME. TO GET THE CHAPTER OUT, I TRIED REDRAWING THE CHAPTER MYSELF THIS TIME. I'M SORRY FOR MY PISS POOR REDRAWING!!!

Please follow the author on his social media! He posts a lot of Suicide Girl illustrations and retweets fanart.
